bright

midnight

fight

might

tight

oa

moat

boat

floating

soak

toad

cloak

oo

pool

spool

noodle

tool

broom

bedroom

These are just examples to use as a starting point. You can use any six phonograms you would like! Older children may create an added challenge by using words that have the same sound, but are made with different phonograms in the same game. For example they could have words with “ai” and “ay”, “oa” and “o-e”, “igh” and “i-e” in the same game. This is much trickier!

Have Fun!
